

Volume No. 26

EURO COSMETICS - the internationally recognized trade journal for the cosmetics and fragrance industry with worldwide circulation. The focus is on the development, production, scientific testing of new active ingredients and the process-technical aspects of the manufacturing of cosmetic products.

EURO COSMETICS covers the cosmetics market around the world, it notes trends and informs about marketing and business.

Target group: All decision-makers in the international cosmetics and fragrance industry, primarily management, marketing, research and development, sales, and production.

EURO COSMETICS is published in German and English 10 times per year in print edition, PDF version for download and e-paper (appears prior to the print edition).

Once a year we additionally publish our unique special issue, the COSMETIC RAW MATERIAL GUIDE, a reference work for all raw material manufacturers and suppliers of the cosmetics industry.

The COSMETIC RAW MATERIAL GUIDE is also distributed worldwide and appears at all major exhibitions and congresses.
